

Dear Students,

Thank you all for your support at what we know is a very difficult time. Following the unprecedented government announcements last night, all schools and colleges will close from Friday. As a result of this, and the subsequent impact on staffing and the need to focus on essential services, we will be closing the Learning & Enterprise College but will remain open to our vulnerable students (those with an Education Health Care Plan or Looked After Children) or students whose parents are key workers as instructed by the government. This will allow us to ensure we can deliver our essential services to vulnerable residents.

As a student of LECB, we understand that you will find this news disappointing but at the same time understand that we are mandated to follow guidance from the government and health authorities that will keep both students and staff safe, safeguarding our health and wellbeing in this rapidly changing situation is essential.

We are working very hard to find ways of continuing your learning for the foreseeable future and will be in touch with you about how this will happen. Here are some ways that you can keep in touch with the college:

- Follow us on Social Media - @LECBexley
- Sign up to our Student Messenger – a newsletter with regular updates about the college – sign up here: <http://bit.ly/37mXew9>
- Access the LECB Moodle
- Call us on 0203 045 5176 for information and advice
- Visit our website: www.lecb.ac.uk
- Email: enquiries@lecb.ac.uk

We all need to remember that communication is key for us all during this unsettled time, so please do not hesitate to contact us if you have any queries. This situation is likely to continue for some time and will likely bring several further challenges and so we will be updating you regularly.

Take care,

Brian Henry
Principal of the Learning & Enterprise College Bexley
