

Have you been furloughed or lost your job due to Covid-19?

The Learning & Enterprise College Bexley can support you to improve your skills during these very difficult times. We can meet the training needs of the following key groups:

- Furloughed workers and the self-employed whose incomes fall below the London Living Wage as a result of COVID-19
- Those made redundant as a result of COVID-19
- Key workers requiring additional training to meet the changing demands of their roles
- Learners who are at risk of digital exclusion.

Courses include:

Functional Skills English

Mental Health & Wellbeing Level 1

Functional Skills Maths

Mental Health & Wellbeing Level 2

Functional Skills IT

Personal Health & Wellbeing Level 1

You will undergo an initial assessment for Functional Skills learning to ensure that we have you on the right programme to allow individualised progression through levels. On completion you will also have a course evaluation and careers guidance meeting to discuss employment and / or progression programmes if appropriate. Our delivery throughout will be online, however, if social distancing restrictions are eased a blended learning approach can be used.

If you fall within the above category and you feel that adult learning could benefit you and improve your skills, please get in touch with us by emailing logmyinterest@lecb.ac.uk and a member of our team will contact you for a more personalised discussion.
