

Dear learners, parents and carers,

You will have no doubt seen the Government's announcement about the second national lockdown for England which will commence on Thursday 5 November 2020 (subject to approval through Parliament).

Just to be very clear, and in line with the Government's advice, all Educational settings will continue. It is our intention to keep "Business as Usual" with all sites open and therefore we are working on a strategy that deals with the individual issues on a case by case basis.

Learners currently attending courses at the Learning & Enterprise College Bexley have indicated that they feel "safe" at college and please be assured that we will continue to ensure that our ways of working remain Covid Secure to keep our learners and staff safe.

We will update you on a regular basis by providing communications via our website – www.lecb.ac.uk, email and social media.

We hope that this will provide the clarity that is needed in these uncertain times. If you have any concerns, please contact us by calling 020 3045 5176 or emailing enquiries@lecb.ac.uk.

Thanks for your continued support.

Pippa Tiller
Vice Principal (interim)
